Design Dimensions (without borders):

Total height: 36 inches

Total width: 60 inches

Bargello columns: 30

Tiles in each column: 18

Fabric Yardage Requirements:

To complete the Bargello design, purchase 1/2 yards of each of the 18 fabrics in your design palette. This amount includes an extra 0.25 yard per fabric for shrinkage and errors. It does not include yardage for borders, backing, or binding.

Exception: Your design palette includes the same fabric more than once. Please purchase this much fabric for each occurrence.

Sewing Instructions:

If you are not familiar with the process of sewing a Bargello quilt, please read about it in the BargelloSketcher Help topics before continuing. The instructions below are specific to this particular design, but succinct.

For this quilt you will need to cut 2 color strips from each fabric. Cut each strip 2.5 inches wide (for a finished strip width of 2 inches).

Then sew your strips together to make 2 full-width Bargello tubes (approximately 42" wide), each of which will contain 1 color runs.

Bargello Design Columns:

In this section, the "first fabric" is the fabric that should appear at the top of each Bargello column.
